CRYSTAL & GLASS

The artfully depicted school-of-fish design, beautifully etched and polished on a champagne flute from **Rolf Glass** (800/364-4603 or rolfglass.com), depicts fish swimming together, except for one little guy headed in the opposite direction.

Sure to inspire one's home bar and entertaining needs, the Strauss DOF from **Luigi Bormioli** (215/672-7111 or luigibormioli.com) features a striking square shape and carries Luigi Bormioli's 25 year-guarantee against discoloration or chipping of the rim or foot.

From renowned Italian designer Aldo Cibic for **Bormioli Rocco** (212/719-0606 or bormioliroccousa.com) comes the InAlto small wine glass. It has contemporary, tapered lines that combine with a classic bowl shape. Made of star glass, the exclusive Bormioli Rocco non-lead glass ensures the highest degree of transparency.

The Birra glass caters to the burgeoning craft beer market, perfectly holding 12 ounces of your customers' favorite beer. Part of **Sempli's** (310/694-1899 or sempli.com) **MONTI** Collection, the Birra Glass design enhances the effervescence of carbonated beverages.

Each glass in the **Mikasa** (866/645-2721 or mikasa.com) Cheers collection is precision-etched with four different, coordinating designs. The dots, lines, and swirls are distinctive enough for each guest to easily identify his or her glass.

Moser (866/240-5115 or moserusa.com) boasts a long tradition of beautifully made and artistically designed crystal. Stack a few **BonBon Canisters** from their barware collection to add sparkle to the bar cart.

Perfect as a host or hostess gift or spread throughout the bar, these colorful bottle stoppers are a playful embellishment for wine bottles everywhere. Made of hand-polished, semi-precious agate and hand-crafted glass, **Rablabs** (rablabs.com) makes sure that no two pieces are alike.

The Cube Glass from **Nate Cotterman** (216/973-3460 or natecotterman.com) is designed to chill beverages without the melted ice. Each glass measures 3.5 by 3.5 inches and comes with a 2-inch solid glass cube fused to the inside. Customers can store it in the freezer before pouring a night cap. ☺
